

The Georgetown South (GTS) Project will provide infrastructure improvements to meet existing GO Transit ridership demand and future growth. It will also accommodate the new Union Pearson Express (formerly known as the Air Rail Link) service between Union Station and Pearson International Airport. This project is one of the key elements of The Big Move.

John Street Utility Hole Reconstruction

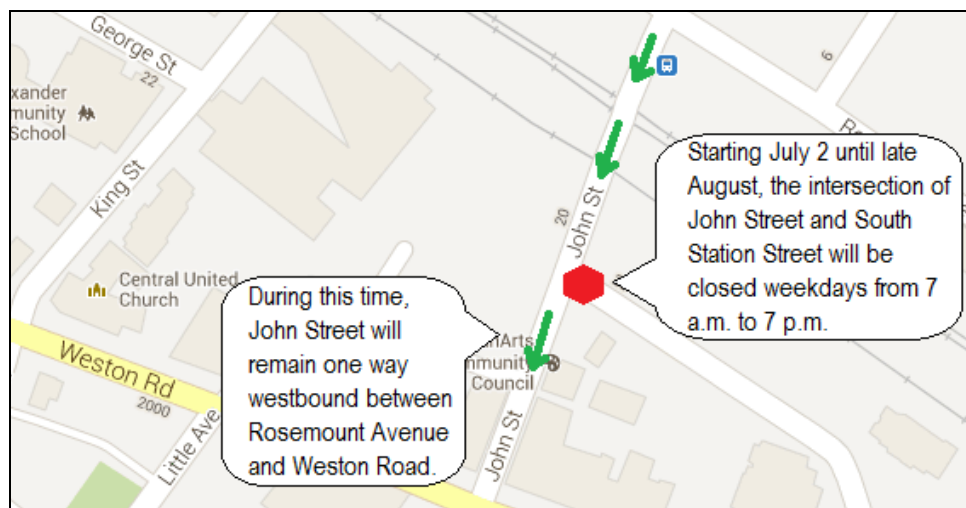

Tuesday, July 2nd until late August

What we are doing

- Bell Canada is currently working at John Street to relocate its utilities below the Weston Tunnel Corridor
- Bell Canada has completed directional drilling a shaft beneath the corridor and can now build two utility holes to access the shaft from either side of the corridor
- **On Tuesday, July 2nd, Bell Canada will begin excavating and reconstructing a utility hole at the intersection of John Street and South Station Street.** This work is expected to take 6 to 8 weeks
- Once this work is complete, a second utility hole will be reconstructed at the intersection of John Street and Rosemount Avenue – more information will be provided prior to this work commencing

How this will affect you

- To complete this work, the intersection of John Street and South Station Street will be closed Monday to Friday from 7 a.m. until 7 p.m.
- The intersection of John Street and South Station Street will be reopened from 7 p.m. until 7 a.m. during the week and all day on weekends
- John Street will remain one way westbound traffic from Rosemount Avenue to Weston Road
- Two way traffic on John Street will be reinstated in late 2013
- Pedestrian access will be maintained at all times

We apologize for any inconvenience this may cause.
